PRODUCT DATA SHEET

CONDUCTOR

Pipe / Downspouts

Overview

Round and rectangular conductor pipe for downspout systems, with plain and corrugated profiles. Custom sizes and materials are available.

Material Options

26-gauge galvanized steel
26-gauge bonderized steel
16 oz. copper

Styles and Sizes

Rectangular
2 x 3, 3 x 4, 4 x 6 in.

Rectangular corrugated
2 x 3, 3 x 4 in.

Plain round
2, 3, 4, 5, 6 in.

Round corrugated
3, 4 in.

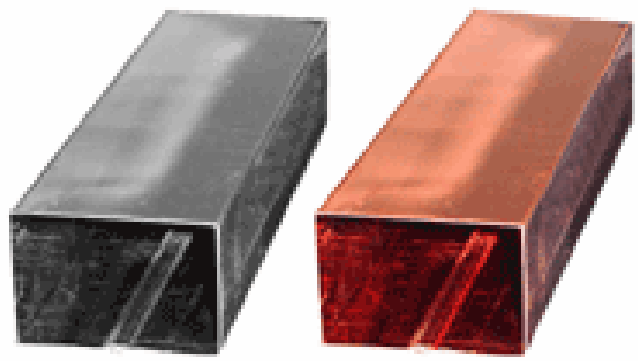

Galvanized Steel

G90 galvanized steel is zinc-coated for corrosion resistance and exterior applications.

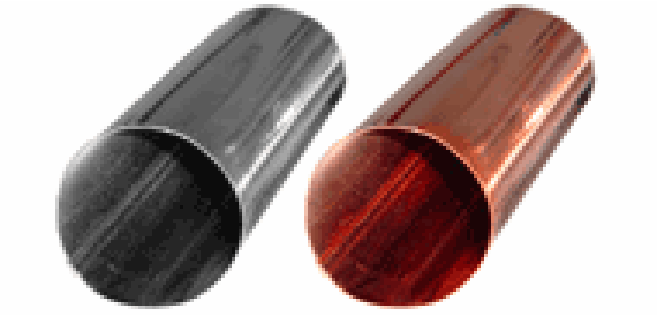

Bonderized Steel

Also known as paint-grip steel, bonderized steel has a dull gray, paint-ready finish. Common uses include rain gutters, downspouts, roof flashings and valleys.

Rectangular Profiles

Round Profiles
