PRODUCT DATA SHEET

LOUVERS

Removable

Overview

Removable louvers are designed for vertical wall installation and allow airflow through attic and wall spaces. Standard units include a 1/4-inch insect screen.

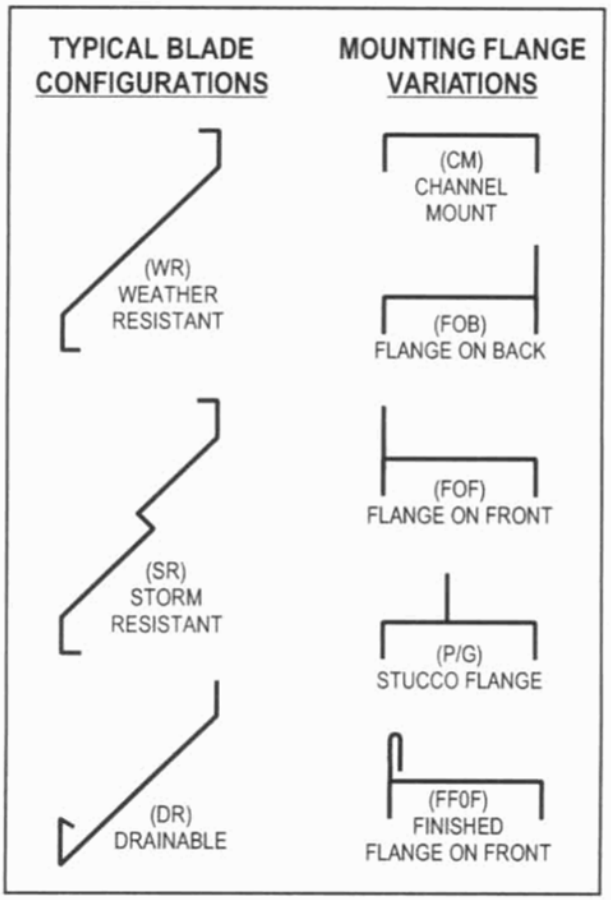

Materials

ASTM A653 galvanized steel
ASTM A653 bonderized steel
ASTM B370 copper - 16 oz. or 20 oz.
3003-H14 aluminum

Installation and Use

Fasten vents and flashing securely to the substrate using appropriate nails, rivets, or wood or metal screws and conventional hand or power tools.

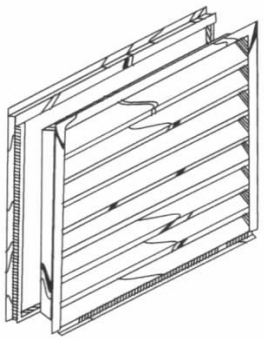

Recommended for exhaust of warm, dry air. **Not intended for venting grease or liquid.**
